WEB: <http://www.indianaemsc.org/>

The Emergency Medical Services for Children (EMSC) program was established by an Act of the United States Congress in 1984 to ensure state-of-the-art emergency care for ill or injured children and adolescents. The EMSC program covers the entire spectrum of emergency medical care, including primary prevention, acute care, and rehabilitation. Jointly administered by the United States Department of Health and Human Services (HHS) Health Resources and Services Administration (HRSA) and the United States Department of Transportation's National Highway Traffic Safety Administration, the program provides grants to States and accredited schools of medicine to improve existing emergency medical services systems and develop and evaluate improved procedures and protocols for treating children. The EMSC program is the only Federal program that focuses on improving the quality of children's emergency care.

### **World Health Organization (WHO)**

---

Avenue Appia 20  
CH - 1211  
Geneva, Switzerland

WEB: <http://www.who.int/en/>

The World Health Organization is the United Nations specialized agency for health. WHO's objective, as set out in its Constitution, is the attainment by all peoples of the highest possible level of health. Health is defined in WHO's Constitution as a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity.

WHO is governed by 192 Member States through the World Health Assembly.
